**Making an appointment** – all patients are seen on an appointment basis.

**Cancellation Policy** – at least 48 hours notice is required of a cancellation otherwise a charge will be made, which will be based on the circumstances of the patient and at the practice's discretion.

**Smoking Policy** – in order to provide a safe and smoke free environment for staff and patients, the establishment is a no smoking area.

**Methods of Payment/Credit** – all major credit/debit cards are accepted.

**Mobile Phones** – patients are requested not to use mobile phones within the building.

**Client Centred Care** – we care about providing the right treatment for patient/clients. For this reason, treatment and procedures are only carried out after fully discussing the risks and benefits with the patient and providing treatment options.

**Consultations** – all consultations are carried out in person with patients, by qualified personnel in the privacy of the consultation/treatment room.

Records of all consultation and treatments are kept in patients' notes.

At the initial consultation, a medical history will be taken and an outline of the problem the patient presents with. They will be given information on any planned procedure and all alternatives will be discussed, and consent obtained prior to commencement.

**Patient** – the details of patients are taken at the initial consultation which also form part of the patient records.

**Information provided to the Patients** – this practice ensures that information provided to patients and prospective patients and their families/carers is accurate and that any claims made in respect of services are justified. This is in the form of a Patient Information Leaflet.

**Treatment of Children** – we do provide treatment for children. We will expect children to be accompanied by an adult who is able to consent for them unless we are confident that they are competent to provide consent for themselves in line with our consent policy.

#### **Consent.**

We respect patient autonomy. The patients therefore have the right to make their own decisions regarding dental treatment and care.

Consent to treatment must always be given freely and voluntarily by a patient capacitous to do so. For those patients over 16 who do not have the capacity to make decisions about their care we would abide by the <for England, Mental Capacity Act 2005> <for Scotland, Incapacity (Scotland) Act 2000>.

**Patient Surveys** – the practice will obtain the views of its patients at least once during their course of treatment, and use these to inform the provision of treatment and care of prospective patients.

Patients are notified as to the availability of the survey within the practice's Patient Information Leaflet. The Patient Information Leaflet itself is always readily available to patients and copies are available in the waiting room and reception.

It is the policy of this practice also to carry out random patient surveys to seek the views of our patients as to the quality of the treatment and care provided by our personnel.

This also enables the practice to ensure compliance with its quality monitoring policy in line with its standards. These results will be available for patients and their families. These will also be issued to the Care Quality Commission as and when requested.

**Privacy and Dignity of Patients** – the privacy and dignity of patients are respected at all times. This practice has a policy of patient confidentiality and all information and records are kept safe and confidential. There are facilities for patients to have private conversations with the clinical and reception staff.

**Checklist for Consultation** – we will explain the procedure to the patient and give them an opportunity to ask questions. We will explain what we are doing at each stage of the procedure.

If a chaperone has been present, we will record the identity of the chaperone in the notes and any other relevant issues or concerns immediately following the consultation.

**Complaints Procedure** – this practice operates a complaints procedure as part of its dealing with patients' complaints which complies with the Care Quality Commission requirements.

Patients are asked that in the event of any complaint, to speak directly or write to *Sandra Wood, Practice Manager*. Patients who require further advice regarding the complaints process should direct their enquiry to Mr. Andrew Ross who, when applicable, will recommend the services of an independent advocate. A copy of the complaints process is held in the waiting room.

**What we shall do** – our complaints procedure is designed to make sure that we settle any complaints as quickly as possible. We shall acknowledge complaints within 2 working days and aim to have looked into the complaint within 10 working days of the date when it was raised. We shall then be in a position to offer an explanation or a meeting as appropriate. If there are any delays in the process we will keep the complainant informed.

When we look into a complaint, we shall aim to:

- Find out what happened and what, if anything, went wrong
- Make it possible for the complainant to discuss the problem with those concerned
- Identify what we can do to make sure the problem does not happen again.

At the end of the investigation the complaint will be discussed with the complainant in detail, either in person or in writing.

**Complaining on behalf of someone else** – the rules of medical confidentiality will be adhered to if the complaint is received on behalf of someone else. A note signed by the person concerned will be required, unless they are incapable (e.g. because of illness) of providing this to allow the complaint to be investigated. If the complaint is not resolved to the patient’s satisfaction, the patient will be advised to write to:
